

PAK-ARAB PIPELINE COMPANY LIMITED
PRE-QUALIFICATION NOTICE
SCADA Revamping Project for White Oil Pipeline
DOCUMENT NO. SCADA/1/15

Pak-Arab Pipeline Company Limited (PAPCO), a subsidiary of Pak-Arab Refinery Limited, owns and operates a cross country pipeline of about 786 km in Pakistan for the transportation of diesel. The Company intends to carry out revamping of existing SCADA system installed for White Oil Pipeline.

Applications for Pre-qualification are invited from national and international SCADA System manufacturers or integrators having experience of direct execution of design, manufacturing, supply, installation, testing and commissioning of SCADA system for oil & gas pipelines. The applicant should have a proven record of carrying out similar project to Oil Pipelines. Only those companies which are pre-qualified under this notice shall be invited for competitive bidding for undertaking the SCADA Revamping project on total responsibility basis.

Companies having required financial resources, equipment, manpower, and relevant experience may submit written request with a brief company profile, copy of NTN certificate (for local Organizations) for obtaining the Prequalification document containing details of the project and instructions for submission of application for prequalification. Local agents/representatives of foreign companies and other such intermediaries shall not be issued prequalification documents unless a written authorization specific to this project on Company's letter head is submitted from the Principal Company along with a copy of NTN certificate of the local company.

Pre-qualification document may be obtained by mail / courier or by hand from the following office between **0900 hrs to 1230 hours** and **1400 hours to 1600 hours** from Monday through Friday, excluding holidays from **17 Sep, 2015 to 8 Oct, 2015**.
